Frequently Asked Questions

Do I need to submit a separate entry form every time I spend \$10?

No, you may save all of your receipts and submit them together with one form. We will do the math and give you one entry for every \$10 spent downtown.

I submitted my receipts, but now I spent another \$10. Can I enter again?

Yes! Simply attach your new receipts to a new entry form. However, if you submit multiple entry forms, the math will be done only for the receipts attached to that specific entry form. For example, if you spend \$27 and submit your entry form and receipts on November 10, you will receive (2) entries. If you spend an additional \$13 and submit this receipt and entry form on December 1, you will receive (1) entry, even though you have spent \$40 total. To avoid this problem, we encourage you to submit all of your receipts with one entry form!

Do receipts for gift cards/certificates counts?

Yes! If ordered online, print off the online (or email) receipt to attach to your entry form.
